- The M.Lib.I.Sc graduates will be employed with designation as Librarian / Information Scientist / Information Managers / Knowledge Managers etc.

About the Central Library

A well equipped library with organised information resources on modern lines is a Laboratory for Library and Information Science students and training. The Yenepoya (Deemed to be University) has a Central Library located at its main campus Deralakatte, Mangalore.

The Central Library as the knowledge hub of the University is a vital component of the University's mission to create an environment to generate new knowledge through meaningful research, by providing excellent library and information services to its faculty members, research scholars and students. The library has developed an impressive collection of various library resources in print and electronic format. It provides access to a wide range of e-resources which includes e-books, e-journals and online databases. Wi-Fi connectivity is available in the library reading halls. Desktop computers are available for the users to access e-journals, e-books, and online databases. The Library is computerised with library management software and enabled with RFID Technology.
