## About Grammarly :

Grammarly is a writing-assistance tool that helps users improve their grammar, spelling, punctuation, and writing style. It can be used as a browser extension, a software application, or integrated into other platforms such as Google Docs. Grammarly can be used by individuals, students and faculty members, to help them improve their writing, whether it's an email, a report, a blog post, or a research paper.

## Features of Grammarly Premium :

- **Grammarly is the world's leading English writing support tool for researchers**
- 40 million+ scholars, students and researchers depend on Grammarly to articulate their research publication.
- Grammarly will increase the confidence of scholars, researchers and authors to write efficiently and effectively.
- Grammarly will reduce the primary **challenges of 'fear of rejection' and creates an environment of 'motivation' to write** - which is the most important aspect.
- It is the only tool that complies with APA, MLA and Chicago writing style
- The tool offers unique **support like 'citation-audit' which prevents unintentional plagiarism** before it occurs. Grammarly now checks 16 billion records which cover Databases, Journals, eBooks and Magazines from International publishers. This will provide authors confidence when their paper is put through a litmus test of plagiarism check as they are better prepared.
- Most import aspect of implementing Grammarly in the writing process is that research leaders and guides will spend time looking **at 'quality of content' rather than spend 'correcting grammatical issues' from their understudy.**
- 400+ Checks on Grammar than nearest Word editor Ensure perfect style, structure and format of technical English Preventive Audit with Citation Audit tool to prevent plagiarism before it happens Use Grammarly where you want with its MS Word, Outlook and Browser Plugins Improve author confidence and improves publication efficacy.
